

Specifications	
Model	MIG-180
Power input	220V±10%
Frequency	50/60Hz
Input Capacity	5.9Kva
Rated current input	26.2A
Rated output current	MMA: 140A TIG: 160A MIG: 160A
Rated output voltage	MMA: 25.6V TIG: 16.4V MIG: 26.0V
Welding current range	MMA: 20-140A TIG: 20-160A MIG: 30-160A
Dc open circuit voltage	64V
Rated duty cycle	60%
Wire speed	2-14MM/MIN
IP grade	IP21S
Insulation grade	H
Dimensions	610 x 330 x 440
Weight	10

Come with accessories

- 3 Meters MIG Torch
- CO2 Heater Regulator with flowmeter
- 3 Meters Earth Clamp with standard cable

Optional accessories

- 300 Ampere Orange Welding Cable (100% Copper)
- 3 Meters Electrode Holder with standard cable
- 8 Meters WP26V-25 Scratch Tig Torch Complete with accessories & Sleeve
- Argon Regulator with flowmeter
