

Product Specifications

WHEELWHIZ SUPERTHIN CUTTING DISC ORIGIN CHINA

| Innovative | Special Processing |

Size (mm)	105 x 1.0 x 16
Max Speed (m/s)	80
Max Rpm	15200
Formula	A46 TBF

It's made from innovative mixed green ceramic abrasives and special processing reinforce net. The excellent fast & cooling cutting ability and long using life can meet all cut-off requirements. The using life last three times longer than general aluminum oxide cutting discs.

Advantages:

- Cooling, Sharp, Fast cut with minimal product wear
- Bright "Points" on the surface
- Specifically designed for high RPM Cut-off Wheel Tool Applications
- Double reinforce net provide max safe cutting
- The disc edge color is black and inner color is green
- Low vibration & noise & dust

MPA-CERTIFICATE

Z-14940/20

MPA-Hannover, accredited laboratory for the testing of grinding tools,
has tested the following abrasive tools:

flat cutting-off wheels type 41 for metal and inox
max. operating speed: 80 m/s, cut width: 1.2 mm
bore diameter: 22.23 mm, outside diameter: 125 mm
Test Report: S 19174-1

Wuyi Bloueshark Abrasives Co.,Ltd.
Wuyi Industrial Area, Wuyi, Jinhua,
Zhejiang Province, 321200, China

All tested tools have fulfilled the safety requirements of
EN 12413:2019 "Safety requirements for bonded abrasive products"

Only cutting-off wheels of the tested type, produced by the mentioned manufacturer, which
satisfy the other requirements of EN 12413 are allowed to be marked with the sign:

MPA Z-14940

The implementation of a Quality-Management-System of the manufacturer is mandatory.
This certificate is only valid in connection with the above mentioned Test Report and will expire on 2021.09.12.
Regular, timely re-testing of the named tools can extend it.
The manufacturer has agreed to unannounced controls of the products during this period.
